| Solution | INR (₹) | Includes |
|---|---|---|
| ERP | ₹1,50,000+ | Multi-module: HR, inventory, accounting, etc. |
| CRM | ₹90,000+ | Pipeline mgmt, automation, lead tracking |
| CMS (Custom) | ₹80,000+ | Admin roles, publishing tools, content hierarchy |
| LMS | ₹1,20,000+ | Courses, students, reports, quizzes, SCORM-ready |

**Note:-** Varias on the features and functionality

# Key Clarification:

- Informative Websites start at $1,000 (₹83,000) – applies to WordPress, Webflow, Wix, Custom HTML.
- eCommerce websites are priced higher depending on features, product count, and platform.
- UI/UX Design is charged separately per screen (web & mobile).
- API Development and API Integration are separately priced for all projects.
- Mobile Apps (Native & Hybrid) include separate pricing for UI/UX, backend APIs, and maintenance.
- ERP, CRM, CMS, LMS are custom software projects – pricing varies by module complexity.
- Product Listing for eCommerce is charged per product.
- Maintenance & Support available as monthly or annual plans.
- Prices are listed in both INR & USD for domestic and international clients.
